Firm Location Matosinhos, Portugal

Company ARADO, GESTÃO PLANEAMENTO E PROJECTOS, LDA

Lead Architect Telmo Castro and Pedro Mendes

Design Team Tiago Marcelino Cruz, Pedro Maia.

Client City hall of Oliveira de Azemeis, Portugal

The parameters of the Business Center focus on the creation of a new building to support the Industrial Park activities. The Business Center shape and identity is built by the variation and overlapping of three components: The natural structure of the place; The abstract interpretation of the natural elements of the site; and The architectural identity of the building. The space identity develops around the concepts of flexibility and spatial fluidity. The main lobby symbolizes the relationship with the business, industrial and cultural activity of the region.

Bio
